EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

Response to Amendment

1. Applicants' amendment filed on February 17, 2006, has been fully considered and entered.

Reasons for Allowance

2. The elected claims 1-2 and 6-7 are allowed. The non-elected claims 3-5 and 8-10 are also allowed because claims 3-5 and 8-10 are dependent on the generic allowable independent claim 1.

Claim 11 depends from claim 1; thus, claim 11 is also allowed.

3. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to disclose or reasonably suggest all the limitations recited in the base claim 1. Specifically, the prior art of record fails to disclose a laser apparatus comprising a plurality of semiconductor laser elements which emit laser beams, respectively; an optical condensing system and a protection member which is arranged at the light-emission end of the multimode optical fiber, protect the light-emission end from an atmosphere, and has a light-emission window located at at least a predetermined distance from the light-emission end in combination with the other limitations of claim 1.

Claims 2-11 depend from claim 1.

The examiner agrees with applicants' arguments on page 6 in the remarks accompanying the amendment of February 17, 2006, and fully concurs that Okazaki et al. reference does not disclose or suggest a laser apparatus with all limitations as defined above.

Claims 1-11 are therefore allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
